About T-N-T Extreme Dance

From Mrs. Tara

I come from a long line of talented dancers. Both my mother and my uncle were national baton twirling champions. My mother started her own dance studio at a young age and understood the importance of the dance world. My mother put me and my siblings in dance classes at a young age, which happened to be her very own dance studio, "Curtain Call." Dance taught me dedication, confidence, and how to be a team player. The best part of it all was I had fun and enjoyed every moment of it. I knew early on I wanted to open my own studio and eventually give my children the opportunity to continue the family business. I opened my first studio at age seventeen and later had two children. I put both of my children in dance, my son to help with his flat feet and my daughter in hopes she would fall in love with dance as I did. Fast forward twenty years later, my daughter Taylor not only loves dance but is now my co-director and will soon be ready to take on the studio as owner.

Recital Dress Rehearsal

There will not be regular scheduled classes on the day of the dress rehearsal.

Day of the dress rehearsal all dancers must arrive in their first costume with hair and make up done.

We will run the dress rehearsal exactly how we run the show. We ask all parents to drop their dancers off at the studio and either wait in the car or come back after rehearsal is finished. We will have our recital staff here to supervise and help the dancers.
